Dear Commission Members:

After attending the May 19 redistricting hearing in Auburn, I wish to express my feelings about the process. Most importantly, redistricting must ensure that every person has equal representation by drawing districts with an equal number of people -- *ONE PERSON, ONE VOTE* -- no exceptions for any portion of the state.

Each District MUST be (1) as equal in population as nearly as possible, (2) contiguous while respecting counties, cities, communities with similar interests, and neighborhoods, (3) geographically compact, and (4) nest within each other -- *NO GERRYMANDERING!!*

I live in Foresthill, sixteen miles off I-80 in The Foothills, rich with gold mining lore. I favor keeping Placer County intact with a North-South county alignment. Transportation corridors must be kept in mind for the citizens and our representatives. I'm in favor of keeping the counties of Nevada, Placer, and El Dorado together around Lake Tahoe as they have similar issues to deal with: history and culture, schools, tourism, economic and social interests, and geographical features.

Please keep me on your mailing list as to the development of the District maps as you move forward. Thank you for all your efforts.

Sincerely,

Janice J Jerabek
