**Conversation:** Changing Congressional District 4

It has been a nightmare for ten years living in the tiny part of Orangevale, Sacramento County, that was put into District 4. Our entire political and social life is directed into Sacramento County, not Placer or Lassen or Modoc. We're fervently hoping that the population numbers have risen sufficiently to keep all of Orangevale together with only Sacramento County in a Congressional District. The same thinking applies to State Senate and Assembly Districts.

Thank you for keeping in mind that county boundaries are important to maintain during your redistricting efforts.

Sincerely,

Alice Hendrix
