Sirs: I am a registered voter and member of a large family (registered voters themselves) in Siskiyou County.

We support Props 11 + 20's objective to take redistricting out of the Legislature's hands for fair and impartial redistricting without partisan political gain. Vote for 11 + 20 please. Redistricting lines should be similar to 1990 lines drawn by (over)

judges rather than politicians.

Please look at the plan drawn
by the judges in 1990. Its
time to save our state and
our Nation. Please choose
the right moral thing
to do. Thank you.
