Subject: Siskiyou County Redistricting

Message Body:

I am concerned the redistricting of our county will entail changing our district to include the upper tip of the state to include the coast. I strongly disagree with this concept and think it will inhibit our district. We have distinct difference between the east and the west regions and I do not think either area would be happy with this choice. We need to be better suited and represented regionally and to leave our district intact in its current boundaries.
