Dear Members of the Commission: You have received many comments about keeping San Joaquin County whole. But those letter ignore how best to divide the county when it is necessary. here is my suggestion: Make metro Stockton the divider. Put Stockton with Tracy. Combine Lodi to the east like with communities like Modesto in the south or Galt in the north.

Stockton is at heart a community based on logistics. Thanks to the Port of Stockton and the nexus between the port, railway and major freeways, many companies locate their distribution facilities right here in Stockton and Tracy. Our logistics facilities service all of California and provide a vital service to get our homegrown products to market. Please keep the Port of Stockton and the logistics facilities in Stockton and Tracy together.
