To: Redistricting committee,

Tehama county has common interests with the coastal regions of California, as follows:

We all have major water rights interest, timber resource interest, maintaining highways (federally funded in Districts 1 and 2) and we are a very rural area. We have nothing in common with the Sacramento suburbs. We definitely don't have anything in common with a small group of rice farmers.

Please take this into consideration when redistricting.

Sincerely,

Sharon Young
