Subject: Coastal North County

Message Body:

I live in Encinitas, the heart of coastal North County San Diego. Our unique coastal environment, including some of the last remaining wetlands and lagoons, deserves to be designated as a "community of interest". Coastal North County, including Del Mar, Solana Beach, Encinitas, Carlsbad and Oceanside, is a beach economy that revolves around our relationship to the coast. People that live here are concerned with the special issues that affect our beach and ocean, such as urban runoff and marine debris. We are also concerned with the health of our coastal zone and look forward to the newly created marine protected area going into effect later this year at Swami's. For all of these reasons, I ask that you designate coastal north county as a "community of interest" for redistricting purposes. Thank you.
