I don't think any district should be in more than one county.

Subject: San Diego Congressional Districts

Message Body:

There are 5 congressional seats in San Diego.

San Diego has LONG been known by 5 Communities:

South Bay (County)  
East County  
Central San Diego  
North County Coastal  
North County Inland

Is there a good reason these communities were not followed? They would seem to fit perfectly.

Regards,  
John

I propose that all of UCSD should be in AD75. Instead of split as it is now. AD75 has been and continues to be a key part of the Bio-tech dynamic which is a major economic force and promises to continue to be a major economic force in San Diego. We must consolidate and solidify this aspect of the economy. If it is fragmented, that's how it'll impact our economy-- in a fragmented, chaotic and ineffective way.

Subject: Need Better Maps

Message Body:

Am disappointed in the maps available on your web site. Can't tell which district my community is located.

Is there a place or site to secure a map that has highway and city designations???
