We are located in NORTH COUNTY San Diego and have few interests and needs in common w/ population south of us. RSF should be counted among those w/ like entities - in the Senate SANOC & Assembly NCOASTSAND districts. PLEASE exercise common sense and what is best for our community.

Citizens Redistricting Committee:

I feel that Rancho Santa Fe, Ca. 's demographics better align themselves with the Northern boundries. I would hope that you will take this into concideration, as we are a more rural area rather than an urban invironment.

Thank you for your hard work,

My community of Rancho Santa Fe should be in Senate SANOC district and Assembly NCOASTSAND. What you have proposed is incomprehensible.
