Thank you for your oral discussion of our letter dated June 3, 2011 regarding the Constitutional redistricting criteria. We think you have addressed the Gibson Dunn training materials on the record. We are appreciative that you are conscientious about following the criteria. As we said in the letter, we were writing to clarify the criteria order as laid out in the constitution, not to question the integrity of the Commission's work. Please do not feel the need to for the Commission to respond in writing to our letter. To the extent that Gibson Dunn has communicated to clarify the intent of any of these training materials or statements made during the training, we simply ask that this be made public.

Thank you for all that you are doing,

Kathay Feng
