I was out of the country for 3 weeks in May, including May 23rd, so this may be late, but it is still very important to me that I voice out how I feel about "Redistricting," and that I very strongly support the following:

1) the efforts of SCAPAL (Southwest Center For Asian Pacific American Law) and CAPAFR (Coalition of Asian Pacific Americans for Fair Redistricting) in advocating to keep Asian Pacific Islander neighborhoods and communities together and not to split them apart in San Diego County."

And

2) keeping Asian American Pacific Islander neighborhoods and communities in San Diego County together and not divided as testified by the following speakers before the Citizens Redistricting Commission:

Considering the amazing landscape of the state, you actually have done a remarkable job to try and include the county and geographical areas solid and still keep the even number of population base. Good job. Hopefully the political hacks keep from destroying your hard work. Again... Good Job!
