Message Body:

I would like to commend the Commission on an excellent job. It's not perfect, but what is? I hope the Commission will NOT succumb to political pressure, but maintain the integrity that you've shown so far.

Subject: Coachella Valley too different from Imperial Valley to bundle together

From: Nancy LaMarca <[REDACTED]>

Date: Fri, 10 Jun 2011 10:53:18 -0700 (PDT)

To: [REDACTED]

CC: [REDACTED]

To whom it may concern:

I moved to the Coachella Valley when I retired because the area appeared to have the right mix of services, etc. for the aging population. The idea of combining two very unlike areas into one district is a formula for some very bad government decision making---we have enough problems to solve without creating new ones.

Coachella Valley is a Tourism economy and the fastest growing place for active adult retirement in the state of California. We need to keep it that way to continue bring tax money to the CA government coffers. The needs of our residents in Coachella Valley are 180 degrees from the needs of an agricultural community like the Imperial County. It wouldn't be good for either area.

I urge you to keep our Coachella valley intact.

Regards,

Nancy LaMarca
La Quinta, Ca.

Subject: redistricting

Message Body:

Dear commission,

It is hard to figure out what you are doing in our current district by the first draft. We are a very diverse group in Lake Elsinore. What do you do if "white" is now the minority? Do you take into account their interests?

Message Body:

I think the lines drawn for the Coachella Valley are great lines and make sense. It's good to see what some common sense can do, keeping politicians out of gerrymeandering districts is the right thing.

Good Job.

Subject: How to interpret the maps

Message Body:

I could not find any "key" for what the various numbers on the map mean.

"-7" for Fresno, "+1" elsewhere, and "0" seems to be predominant - as far as I could see, NO percentage was non-zero.

I'm sure I missed the key, but please tell me where it obviously is.

Thank you

To: [REDACTED]

We live at 2050 Citrus Wood Lane Riverside 92503 right out side the City of Riverside. We object to being lumped in a district with Corona, Norco, Lake Elsinore, Murrieta or Temecula. We have nothing in common with them. All our activities and interests lie with the City of Riverside. We are in the sphere of influence of the City of Riverside. Please consider this when assigning districts.

Sincerely,

Donna M Wolfe

Message Body:

I do not understand why a small piece of (either Riverside or San Bernardino) county is so assiduously made part of another district. Please explain.

Subject: Moreno Valley/Riverside Metro/Perris

Message Body:

I am a 25 year resident of the City of Moreno Valley. For the last 10 years our community has been split into 3 Assembly Districts. Moreno Valley was a small portion of three larger wholes. We were the tail end of a Congressional District that cut us off from the cities and people that we most associated with. We could never elect local representation that had a vested interest in our community.

I want to thank the commission for their work in keeping our community of interest intact.

Subject: Dividing the area of Mead Valley in half

Message Body:

We are a smaller but moderate growing area. We are often a throw in that is divided up and this time seems like no acceptance. Thanks for reading, even though i know we will never will get consideration.
