Subject: New District "6"

Message Body:

To Committee,

I find the city of Upland, Ca.  
has more in common with Ontario, Ca.  
than with Claremont . Surely this is a  
consideration?

concerned voter S. Palacios

**Subject:** Oddities in the grouping of the Eastern Inland Empire

Message Body:

In looking at each of the four maps, I begin to notice an irregularity in the maps when it comes to boundary lines in reference to the Eastern Inland Empire; the specific communities in question being the Cities of Yucaipa, Calimesa, Banning, and Beaumont. As an overview I list the communities the cities are grouped with below:

Assembly - MORONGOBAN (Morongo Valley, Hemet, and Menifee)

Senate - SBBAN (Highland, Hemet, Morongo Valley, and Redlands)

Congress - INMSB (Mammoth Lakes, Inyo County, Barstow, and Needles)

Equalization - ORSD (Highland, Riverside, San Diego)

If the intent was to group those with common regional interest then the Redistricting Board has failed with this area of California. As evident in the groupings listed, the Board seems to believe that residents of the Eastern Inland Empire have more in common with the Morongo Valley and High Desert than with those in the Inland Empire. They could not be more wrong. As a resident from this area, I assure you that the needs of the residents from these communities better align with those in Redlands, Loma Linda, and cities west opposed to cities east. Citizens from this area do not travel east for shopping and recreation but West into the Inland Empire. The people of Yucaipa, Calimesa, Beaumont, and Banning will be severely misrepresented and their concerns will not be met as adequately as they should be if they were in a district that was truly common in regional interest.

The map that requires the heaviest amount of scrutiny is the Congressional map. The reasoning behind carving these communities from the rest of the Inland Empire and lumping them with the High Desert is absolutely baffling.

To Whom It May Concern,

As a citizen of Lake Arrowhead, we are a member of the San Bernardino Mountain Communities. It is very important to ensure that all of the Mountain Communities are bundled together in any redistricting plan. The demographics of the mountain communities, from Crestline to Big Bear, are quite different than those of the close by urban areas and it is quite important that whatever representation we get be familiar with the issues of these communities and that we not be split into pieces and bundled with nearby urban areas.

Please do a thorough job of reviewing the issues related to the areas in our mountain communities and ensure that we are kept together as a "package" so that the folks in our mountains are represented by someone that can give thought and credence to issues unique to our area.

Thanks for your consideration in this matter. If you have any questions about this request, please do not hesitate to call me at [REDACTED]

To Whom It May Concern,

My husband and I are unable to attend the subject meeting to be held on Father's day as we already have commitments to visit family out of town. However, this issue is very important to us and this email is sent IAW your announcement.

We feel it is imperative and critical that if redistricting is to occur, that the mountain communities from Green Valley Lake to Cedarpines Park be kept under the same District. We are 14 year residents and registered voters in Crestline and the rumor is that Crestline would be separated out from the rest of the mountain representation. This not logical nor fair to our town. We have a unique community which is not an incorporated city. Many concerns and issues for our mountain are the same in Crestline as they are for Lake Arrowhead and surrounding areas. We must have representation that is familiar with all mountain resident needs. It would be very inefficient - especially in these hard economic times - to place Crestline as the only mountain community with down the hill cities.

Please record our concern and request that if redistricting is required, that our part of the mountain stay with adjoining mountain communities and under one Supervisor.

Sincerely,

Jim and Dora Huff

Thanks for your efforts on behalf of the citizens of California.

The proposed AD repeats the same mistake as now exists by including Rancho Cucamonga with Redlands area in an Assembly District. These two cities have no common interests. The Cities of San Bernardino, Highland, Redlands etc have obvious common interests and should not be split. This can be avoided shifting the adjacent AD westward to include Rancho Cucamonga and thus keeping San Bernardino and Highland intact.

While I am not connected with Inland Action, but their proposal to keep Rancho with the west end districts and create a District of east end cities that have common interests of transportation routes (I-10 and I-215) (proposed light rail San Bernardino to Redlands) (proposed SBX high speed bus from North SB to Loma Linda), shopping facilities (Central City Mall, Citrus Plaza, Hospitality Lane, etc. ), school districts (Redlands and San Bernardino) (SB Valley, Crafton Hills, and Cal State SB, water sources (bunker hill basin) etc., joint political agencies such as Inland Valley Development Agency (former Norton AFB), SB Valley Municipal Water District, SB Valley Water Conservation District, Inland Valley Resource Conservation District, various Santa Ana River use and conservation agencies, etc makes a lot of sense.

Please revisit this District and reconsider the District proposed by Inland Action (Inland Action AD C-1 attached).
