Good Evening Commissioners:

In this first draft, the City of Chino Hills is split between two Congressional Districts in separate counties. I think that the residents and voters of Chino Hills, of which I am one, would be better served by being in an Inland Empire based district. Having the northern portion of our San Bernardino County city in a Los Angeles County based congressional district risks Chino Hills being disenfranchised and marginalized.

I would suggest that all of Chino Hills be included within the "Ontario-Pomona" Congressional District in the final draft. This would keep our communities of interest intact.

Thank you for your consideration.

Sincerely,
Brian
