Subject: 6/1 Maps

Message Body:

Congr Dists: I wanted to thank you for the great job in not crossing LA/OC border lines in the Congressional plan. I am especially pleased that the city of Orange was allowed to remain whole and kept with our like communities of North Central Orange County.

Thank you!

AD and SD maps. Sadly that is not the case with our state districts. Specifically the City of Orange has been split into 2 different State Senate Districts. Our North and East areas are in a district that runs all the way to the far border with San Diego and includes all the south county cities which we have little in common with. The rest of the city has been placed with the west side of the county, running all the way to the LA/Long Beach border. Orange shares needs and community interests with the cities of North Central Orange County (Placentia, Anaheim, Fullerton...) Our Transportation and Housing needs are alike. Our public safety officials work together, as our needs are the same. Please consider moving the City of Orange into the Senate District marked DBRHCH on the 06.01.11 Region 111 SD Orange County Map and keeping the City of Orange in one Senate District.

Thank you for your consideration.

Mayor Carolyn Cavecche, City of Orange
