Subject: West

Message Body:

The new assembly draft map labeled 'West' appears incredibly gerrymandered, to include Cerritos and Artesia in a predominantly Orange County district. This is very similar, in reverse, to the current 56th Assembly District, where Buena Park is included in a predominantly Los Angeles County district. This problem is exacerbated with the nesting of this assembly district into the accompanying Senate district. While Cerritos might be geographically similar to Cypress and La Palma, the analogies end when grouping together with Westminster and a western portion of Garden Grove.

Grouping Cerritos and Artesia with a predominantly Orange County district is unfair for those Los Angeles County residents, in both the proposed assembly and senate district.

Message Body:

First of all, I'm more than happy to not be grouped with Corona (Ken Calvert) moving forward. However the demographics of Del Mar, California and San Clemente couldn't be farther apart by needs and desires.

San Clemente is part of Orange County and the politics of San Diego are lower wages and more HMO styled businesses. San Clemente deserves to be represented by someone who understands OC and should be small enough to be grouped with San Juan Capistrano.

We are more than happy to get rid of Ken Calvert but Darrell Issa is just as bad!

Subject: West Garden Grove Congressional District

Message Body:

Hi,

My family and I currently live within Garden Grove appendage in CA-40, and I want to say that I appreciate the new proposed district called West Garden Grove. I have many more business dealings with the cities of Garden Grove and Stanton than I do with Fullerton and Orange. Additionally, I realize that the 47th and 40th districts were gerrymandered for each seat to be safe during elections. I look forward to meeting new candidates who will appeal to the interests of myself and to my nearby neighbors (as opposed to far-flung neighbors)!

I'd like to suggest 2 things: 1) can the draft maps be superimposed onto Google Maps (or another online mapping website)? 2) West Garden Grove may not be a suitable name for the communities encompassed for the proposed district; may I suggest "Central Orange County"?

Thanks,

Daniel C.

To: <[REDACTED]>

To whom it may concern...

I forgot to mention one more thing. Are the proposed redistricting maps based not just on political affiliations, but now more so based on race and ethnicity within the districts? Is this the reason why my city, Cypress, is aligned with cities with majority Asian populations? Is this what "communities of interests" means and not based more on geography, history and locality?

Isn't democracy color blind? I hope certain "special interest" groups are not swaying the process.

Back to the drawing board !

Thanks for your time.

William Hermelin

Subject: Redistricting - Fountain Valley

Message Body:

I'm VERY disappointed in the leadership of this commission. Redrawing the lines of the city of Fountain Valley and incorporating into the Loretta Sanchez district to include the folks of Garden Grove, Westminster, Santa Ana DOES NOT reflect our view or needs.....WE Have BEEN alligned with the city of Huntington Beach since the begining and NOW your commission is deciding to include us with these folks! What's this all about? Loretta Sanchez! PLEASE.....re-consider including Fountain Valley with Huntington Beac and carve out Costa Mesa which appears to be a more reasonable choice. The residents of Costa Mesa are more hispanica and reflect the views of the district in RED rather than Fountain Valley.

Incidentally, when will we have a hearing for our residents to attend and present our views? In reviewing the schedule.....NO hearing scheduled for our area. Who is representing us? Please listen to our Danna Rohrabacher and REVISE the district to include FV with HB.

Thank you in advance for your support.

Thomas Nichols

To: <[REDACTED]>

To whomever it may concern...

I would like to comment on the proposed boundaries of the first draft. Even though this is the first draft, how is it possible for my city, which is Cypress, have the same interests as the cities of Fountain Valley and Santa Ana? My city has more commonality with Los Alamitos, La Palma, Seal Beach, West Garden Grove and Buena Park

The Assembly and Congressional maps are more on target, except that Cerritos and Artesia are in L.A. County not Orange County and La Palma is in Orange County. But the other map, the State Senate, does not make sense! Cypress has nothing to do with Santa Ana and the City of Orange. No common interests whatsoever!

Please keep us with the rest of West Orange County AND RESPECT THE COUNTY LINE!

Sincerely,

William Hermelin, Cypress resident of 39 years

Subject: STREET BOUNDARIES

Message Body:

How can I get a document that lists the specific street boundaries of each Congressional district? I happen to live on a street that is on the boundary between 37 and 40. I want to see where I would wind up. Thank you.
