I vehemently oppose the redistricting of Rossmoor and Los Alamitos to Long Beach. This redistricting would only serve as a political ploy. I'm so sick and tired of politicians lying, cheating and spinning stories for their political gain for the few years that they serve in office, while leaving the constituents to suffer from their greed and are left to live with the mess they created while in office. Don't we have any politicians out there that are in office to help the cities and counties they represent?

Orange County is where Rossmoor and Los Alamitos have been for years and years. If we had wanted to be a part of Long Beach we would have moved to Long Beach. My vote is NO to be sure!

Sincerely,  
Deborah Miller

**Subject:** Opposition to Dividing Dana Point

Honorable Chairman  
Citizens Redistricting Commission 90 I P Street  
Suite 154-A Sacramento, California 95814

Re: City of Dana Point, Comments on the Citizens Redistricting Commission's, First Draft of State Senate and Assembly District Maps

Honorable Chairman:

As a concerned resident of Dana Point, I strongly oppose any state Assembly or Senate redistricting plan that would (a) divide Dana Point geographically and/ or (b) place Dana Point outside of any state Senate or Assembly districts that do not include our neighboring south Orange County cities.

I strongly believe that our small city should not be divided and our entire city should be grouped with other South Orange County cities for state Senate and Assembly purposes because of the common issues our cities face. Shared issues include, but are not limited to, ocean water quality, regional transportation at both the local (Orange County Transportation Authority) and state (Caltrans) levels, regional land use planning and affordable housing.

Dividing our small city doubles the degree of difficulty in getting our interests represented while making it significantly more difficult for the representatives to understand and represent a single Dana Point consensus.

I request the Commission reconsider the state Senate and Assembly district boundaries proposed in the First Draft.

Respectfully,

Suzanne L. Enis
