Message Body:

The redistricting map as recently shown for south Orange County divides Dana Point into two districts. I am a 42 year resident of Dana Point and think this is not in my home towns best interest.

Your attention in this matter would be appreciated.

Donna L Murray

I am in disagreement with including numerous areas of Orange County with Huntington Beach. I have been a residence of Hunt. Bch. since 1966 & feel you are including areas that have no significance with our city. I feel the only areas that should be included are Costa Mesa, Fountain Valley & Westminster.

Hopefully, you will reconsider the current drafting of the proposed congressional map.

Thanks you,
Sue Rasmussen

Honorable Chairman

Citizens Redistricting Commission 90 I P Street Suite 154-A Sacramento, California 95814

Re: City of Dana Point, Comments on the Citizens Redistricting Commissions - First Draft of State Senate and Assembly District Maps

Honorable Chairman:

As a resident of Dana Point, I very strongly oppose any state Assembly or Senate redistricting plan that would (1) divide Dana Point geographically and/ or (2) place Dana Point outside of any state Senate or Assembly districts that do not include our neighboring south Orange County cities.

I, and most neighbors I have spoken with, understand that our small city should not be divided and that also our entire city should be grouped with other South Orange County cities for state Senate and Assembly purposes. This is due to the common issues our cities face.

Shared issues include, but are certainly not limited to, ocean water quality, regional transportation at both the local (Orange County Transportation Authority) and state (Caltrans) levels, regional land use planning and affordable housing.

Splitting our small city introduces unnecessary difficulty in getting our interests represented while making it significantly more difficult for the representatives to understand and represent a single Dana Point consensus. Further, there is no valid reason a town the size of Dana Point should ever be considered for a split in representation.

I respectfully request the Commission reconsider the state Senate and Assembly district boundaries proposed in the First Draft.

Sincerely,

Sherry Frymoyer

Subject: Redistricting First Draft

Message Body:

Honorable Chairman:

As a business leader and registered voter who works in and for the businesses in Dana Point, I would like to voice my objections to certain state Senate and Assembly district boundaries proposed in the Commission's first draft of the district maps ("First Draft"). As part of that action, I fully support the Dana Point City Council's Resolution No 11-06-13-02 which can be found on the City's web site at:

<http://www.danapoint.org/Modules/ShowDocument.aspx?documentid=9153> which opposes any state Assembly or Senate redistricting plan that would (a) divide the City geographically and/ or (b) place the City outside of any state Senate or Assembly districts that do not include our neighboring south Orange County cities.

I, and many fellow business leaders in Dana Point strongly feels that our entire city should be grouped with other south Orange County cities for state Senate and Assembly purposes because of the common issues these cities face as well as the strong working relationships and cooperative arrangements they have developed over many years. Shared issues include business matters, ocean water quality, regional transportation at both the local (Orange County Transportation Authority) and state (Caltrans) levels, regional land use planning and affordable housing.

I strongly and respectfully request the Commission to reconsider the state Senate and Assembly district boundaries proposed in the First Draft in view of the City of Dana Point's comments set forth in the Dana Point City Council's Resolution No 11-06-13-02. If I can be of any further assistance or answer any questions, please do not hesitate to contact me.

Thank you for your time and consideration of my opinion in this important matter.

Sincerely,

Laura Ouimet
Executive Director
Dana Point Chamber of Commerce

Dear California Citizens Redistricting Commission,

I have been a resident of Irvine for 18 years. I am disappointed with your first draft maps. They do not respect Irvine's community of interest with other south County neighboring cities with which we have in common.

We identify with our part of the county which has for the most part been much more recently developed than North County areas such as Huntington Beach and Costa Mesa. Our water districts, community college districts, shopping areas, etc. in South County are all much different than those in North County.

South County has enough population to be a distinctive congressional district of its own and should not be split up and attached to other parts North County.

Sincerely,

Yvonne Tsai

Irvine, CA 92612
