Subject: City of Lompoc Split

Message Body:

To split the city of Lompoc as shown in the redistricting map presented is the most ridiculous thing I have ever seen. The new commission was to keep all cities and if possible counties in the same district. The way they have sliced up Lompoc is nothing short of a travesty. To say that people in the Santa Ynez Valley are the same as those in Santa Maria, but that the citizens of Lompoc, ONE CITY, are not is pure idiocy.

Subject: Lompoc redistricting split

Message Body:

I am adamantly opposed to Lompoc being split into 2 seperate Senate and Assembly districts. It makes for very poor representation of any community and is very disrespectful to its citizens to dismiss them in such a way.

Subject: Dividing the city of Lompoc

Message Body:

The proposed state assembly and senate districts split Lompoc in half between two districts. From what I have been reading, the federal prison's population is included in Lompoc's population count, which does not seem reasonable since felons can't vote nor are they true local residents by choice. Lompoc is more aligned with Santa Maria as a community of interest. Please look into keeping Lompoc whole within one senate and state assembly district. Thank you.
