I am writing to state that I believe Santa Maria should remain in Santa Barbara County -not moved to San Luis Obispo County.

Also that Isla Vista should not be moved out of the third district despite what the snobs in Solvang-Santa Ynez have to say !

Re: The 35th Assembly District

Dear Honorable Commissioners:

In the very near future you will be announcing the first draft of assembly, state senate and congressional districts. Over the last 10 years the Central Coast has received national attention for gerrymandering at its worst. The old senate and congressional districts until 2002, were essentially comprised of Santa Barbara and San Luis Obispo Counties. And all of Santa Barbara County was in one Assembly District.

Currently the Santa Barbara County is cut in half, which has effectively cut our community in half. At your recent hearings in San Luis Obispo you heard almost every person testifying asking that you keep all of SB County in one Assembly District. Significantly, that request has strong bi-partisan support being led by former Assembly Members, Democrat Pedro Nava and Republican Brooks Firestone. **And we understand that the Commission is going to work hard to assure minority vote is not disenfranchised. On that front it is very significant that at your Oxnard hearing the non-profit SCORE fully supported this same approach requesting that all of Santa Barbara County be included in one Assembly District as well.**

At the end of the day, given the national attention of the gerrymandered central coast districts, this is where people will look first to see whether redistricting was really done in the objective way that the voters hoped would happen when they passed the initiatives creating the Redistricting Commission and giving you the power to take politics out of the process....the ball is in your court!

We are so frustrated with our voices not being heard and hopefully you will heed the voters wishes.

Thank you for your consideration of this very important matter.

Respectfully requested,
Jarvis & Peggy Ivy

Message Body:

Looks like all the special carving-out has been eliminated. " Job Well-Done".

I am sure this has been a tough task and I hope your work appreciated by All the Citizens of the State of California.

Now, on to Final Approval.

Message Body:

The congressional district is perfect--both SLO and SB counties in one district. However, northern SB County is cut off and included with SLO county for assembly and senate districts. Is there some way to allow SB County to be in one district?

Thank you.

I am very pleased with the boundaries of the new SLO-SB Congressional District. Much can be said about what could, should be done but your draft gets away from years of jerrymandering...thanks

I'm really liking the draft. Especially since you got rid of the ribbon of shame AKA Dist 23.

Thanks,

I would like the Redistricting Commission to follow Proposition 11 on keeping counties intact and have Santa Barbara County all in one Assembly district., and not have the city of Santa Maria put in a San Luis Obispo County Assembly district.

The district boundaries on your Assembly, Senate and Congressional Maps on your web site are not apparent. You need a map showing a district number and its boundary. This is needed to make an intelligent evaluation of the boundaries.

Your potential maps need to be more clear as to what you are proposing. I was trying to figure out what district 24 was going to be, the one currently held by Congresswoman Capps.
