To: <[REDACTED]>

California Redistricting Commission Staff,

Please DO NOT cut the Lompoc Valley into two different State Assembly and State Senate districts!

Thank you,

Jim Hensley

Subject: No,on making the city of Lompoc 2 districts

Message Body:

I am sending this e-mail to voice my concern about my city being split into two districts. Why are we being split up? Are other surrounding cities being split up in the same way? Didn't we vote for a citizen commission to draw up these boundaries to put more voting power into the hands of ordinary citizens like me? I urge this commission to reconsider its position on dividing the city of Lompoc into two districts. One city, one voting bloc. I want my vote in the coming elections to mean something! Your attention regarding this matter is deeply appreciated.

To: <[REDACTED]>

I have lived in Ventura County, Kern County and LA county. I am now a resident of Lompoc and can see dividing this small, poor community will do great damage to its community spirit. This small isolated city and area in northern Santa Barbara county suffers greatly from today's economy and is quite unique in its population and generally lower social economic status. Keeping it together so it is represented by one person at all levels helps it band together for its further prosperity, potential growth and all things good for Lompoc.

Dividing up a small, not so economically stable entity such as Lompoc would be a great mistake. Right now being Lompoc residents and being TOGETHER helps greatly to keep things moving forward. With the fabulous potential the new Space Center brings to our community, I would hate to see us divided up as you propose.

Please keep Lompoc together and moving forward!

thank you

Subject: Splitting representation districts for city of Lompoc

Message Body:

Your proposed state assembly and senate redistricting scheme divides my city into two representative districts. By doing so you are denying me effective representation in my state government. Currently by being entirely within one reps district my city is able to attract our assembly and senate member's attention to at least listen to our local concerns. With your proposed division my cities electoral importance and influence is diminished and I am left as a lone private citizen to speak to these thieves. From long experience their standard response is a form letter and a party-line vote on the issue. Your efforts are developing into yet another bad joke on California taxpayers.

Subject: Lompoc redistricting

Message Body:

Why would the city of Lompoc be cut in half in this redistricting plan? This makes no sense to me at all. I don't see the city of Santa Barbara being sliced in half. The city of Lompoc should be able to be represented by one individual at the Senate and Assembly levels not two, depending on which side of town you live in.

Please DO NOT split the Lompoc Valley into 2 districts. This area includes more than 50,000 residents-not just a prison! Splitting the area will diminish district representation, increase ballot costs and go against the idea of keeping whole cities intact .

Thank you for your consideration.

To: <[REDACTED]>

The political redistricting of Lompoc for the state Assembly and Senate is in complete and diametric contrast to the guidelines of "community of interest" established by your commission.

Our city is torn asunder by both plans, and would have next door neighbors at cross purposes and even voting different ballots, an additional cost we can ill afford in these lean times.

Please reconsider these plans as proposed, and leave our small and cohesive community in the same district.

Thank you for your anticipated good work.

We wish to state our strong opposition to the proposed splitting of Lompoc. Each resident would lose their voice under such a blatantly unfair plan. Lompoc is small and often overlooked. A united coherent voice and vote is necessary for this area to progress. It is unfair to single out only one city and force them to operate with such a handicap.

I am strongly opposed to the current redistricting plan which would split the city of Lompoc in half. The town of Lompoc can not be properly served by its federal or state representative if it is split. The city of Lompoc along with the unincorporated areas of Mission Hills, Mesa Oaks, and Vandenberg Village should be kept as one complete area to facilitate effective representation.

Thank you for your consideration,

Kelly Owen

Dear Honorable Redistricting Commission Members,

I am writing to let you know I am AGAINST the splitting of our community – Lompoc CA 93436 into two separate and distinct districts. We stand together as a community and need to be able to stand together with ONE representative.

We are a close-knit, family oriented community of 59,000 people. Do not pit neighbor against neighbor!

Thank-you

To: [REDACTED]

While I appreciate your efforts I see absolutely no rationale for you splitting Lompoc in two.

At a minimum, just leave Lompoc and the surrounding areas of Mesa Oaks, Mission Hills, and Vandenberg Village as one voice so we can be heard.

This is democracy. Splitting a city our size is not.

Glenn Owen

Vandenberg Village resident

Dear government officials,

This is my request to always keep the Lompoc Valley as a single district.

Do not break up the city or the valley for any foolish political reasons. We are an isolated community, located at least 20 miles from any other population center. Please help us to maintain our integrity and do not split Lompoc into assorted political districts for political gain.

Sincerely,

John P. Thermos

June

I am sending this e-mail to voice my opposition to the redistricting of Lompoc Valley into two different State Assembly and State Senate districts. I was born and raised in Lompoc and am concerned at the impact this would have on our ability to have a voice on important issues. As a community, we share concerns and burdens.

Do not split our community into two districts.

Respectfully,

Melissa J. DeBacker
