

Subject: Do Not Cut San Luis Obispo County in Half

Dear Commissioners:

Last Night in Oxnard, the California Redistricting Commission held a hearing on the proposed lines for the state Senate, Assembly and Congressional district lines. A move was made by a few former candidates in Santa Barbara County to ask the commission to cut San Luis Obispo County in half, which would divide our voice in state and federal government.

I STRONGLY OPPOSE THIS MOTION. PLEASE KEEP SAN LUIS OBISPO COUNTY IN TACT.

Sincerely,
Chris Robinson

Commission,

Please don't cut San Luis Obispo County into parts.

Its voter registration percentages are presently reasonably balanced and its business, agricultural, and residential aspects are also rather balanced and well distributed.

Don't dump parts of SLO into other areas that do not share our concerns or heritage.

Respectfully, Bob Martz

Dear Members of the California Redistricting Commission,

Please register my support for the tentative redistricting map you have draw up, which KEEPS SAN LUIS OBISPO COUNTY INTACT.

We are a much different area than our more urban neighbors to the south, and our countywide issues are not necessarily the same as theirs.

I urge you not to split our county into parts to gerrymander a district that dilutes our needs.

Sincerely,

Smith Held

Dear Commissioners,

We are pleased that your draft district lines keeps our county, San Luis Obispo, whole and that we share with Santa Barbara County, especially northern SB County. Many of our agricultural members farm in both counties.

Thank you,

To whom it may concern

Please do not split San Luis Obispo County into two representative districts. It would more appropriate to include San Luis Obispo County with northern Santa Barbara County than to split San Luis Obispo County into two separate districts. Sociologically, economically and politically we have more in common with northern Santa Barbara County than with any other census area; however, dividing this county would and has resulted in inconsistent and unrepresentative representation.

Thank you for your consideration.

Sincerely

Henry Stanton McDonald

As fourth generation farmers in San Luis Obispo County we urge you to keep San Luis Obispo County whole in your efforts to redistrict the state into logical and cohesive voting blocks. The economy of our county is based on agriculture and the ag tourism that has been developed. It is so important to us to have elected representation if we are to continue to produce food for this great state. Our voice could easily be diluted if we were to be fractured and blended with more urban counties. Thank you for your consideration into this matter and thank you for your service to California.

We are residents of San Luis Obispo County. We urge you to keep our county whole with the redistricting plans as initially presented and not split it up in anyway. This is the only fair and logical approach. In our opinion, any other plan would be giving into political pressures.

Thank you.

To the Redistricting Commission,

I urge you to keep the San Luis Obispo District whole and not divide it. The residents of San Luis Obispo County want to be able to have a voice in state and federal government where our County, as a whole, is concerned.

Thank you for your consideration.
