Region 5: Ventura

6-14-11

I am vehemently opposed to the Congressional Redistricting proposal that would make Moorpark a part of Los Angeles County.

I am a long time Moorpark resident who chose to leave L.A. County and move to Ventura County. Los Angeles

County is far too big to give representation to its constituents. There is also a higher tax rate and

higher insurance costs. Please

fire whoever dreamed up this crazy idea. I do not see any benefit

to the voters affected by this

redistricting. Please spend your time

and our money in a better manner
