Subject: Didn't ask us

Message Body:

There has still been no outreach made to the people of Inyo and Mono Counties concerning Redistricting. If we really do draw the lines, why aren't you asking what the citizens of these two counties think?

I work for a radio station and there has never been any communication with the citizens in these areas. We have a unique economy and wish to be represented correctly, not lumped in with a county that has little to do with us.

We are not in the desert, there is some desert area here, but much of our land is also in the mountains.

The committee is being unfair. I was told last month that the committee would try to do outreach up here. So far, nothing.
