Subject: Sen. District 12

Message Body:

According to the info provided by the commission, one of the goals was to create districts that reflect geographic boundaries and communities of interest. The 1st draft map does not conform to this goal. Those areas west of the Diablo range (Santa Clara, San Benito, Monterey) are not communities of interest, nor are they realistic as to geographic boundaries, whereas Madera County and the northern portion of Fresno are a perfect fit. I hope that you will reconsider realignment of this district. Thank you
