Subject: Preliminary map, 6/1 posting

Message Body:

This map has Mono County included in a district that is Inyo County and South.

Our common interests are not with these counties and Southern California but rather with the Sierra Counties that you have labeled "Foothill" and only the Sierra parts of that above Hwy 49.

We are Isolated, depend mostly on tourism and need to protect our environment as this is the draw for our tourists. We have no agriculture, no mining, no desert. Nothing in common with our Southern neighbors except the English language maybe.
