Subject: Congressional District 15, California

Message Body:

For years, Congressman Mike Honda has arranged his district so that it included primarily Democrat voters. The Commission should work to eliminate that kind of Gerymandering. District 15 should be more compact and not strung all over the map with voters who have nothing in common except that they are Democrats. I'm in the Cambrian County pocket and at your meeting in San Jose, I heard people say that we should be in a district that has as its western border Hwy 17. I disagree, Cambrians have more in common with Campbell, Saratoga and Los Gatos than the San Jose City area to the east of us. Please consider this in drawing borders. My comments come from a background of knowing school districts from the east side of the Valley to the west as a member of bond oversight committees. I also represent the Silicon Valley Taxpayers' Association and would like to see better representation of taxpayer' interests. Thank you for your work.
