Hi,

I voted for a citizens commission in hopes that I would finally receive local representation from my assembly district. I currently live in East San Jose, one block outside the San Jose City Limits. I live 7 miles from the City Hall of San Jose. My son attends school in San Jose, I go to the library in San Jose, I do all my shopping in San Jose, I work in San Jose.

My current assembly person lives and previous one lived in Salinas- 60 miles due south.

Yet where is my new logical citizen designed assembly district centered, Monterey- 79 miles away. You have split off my neighborhood in the warm eastern foothills of the third largest city in California and placed us with a small oceanside committee far to the west and south.

I LIVE IN SAN JOSE. I WANT MY ASSEMBLY PERSON TO COME FROM SAN JOSE.

I invite you to come visit me and see how ridiculous is the district that your committee has created.

Thanks,

Barbara Biehl
