We strongly disagree with the proposal to take Scott Valley out of the current district and combine with a coastal district. We will lose our fair representation and we do not share common interests and culture with the coastal communities.

Please do not do this to our communities.

Thank you

Craig & Marianne Cabot

Subject: Scotts Valley is not part of Santa Cruz County district anymore?????

Message Body:

Dear Sirs & Madams,

I am responding to the proposed redistricting map which I have seen through the LA Times. I am shocked that large parts of northern Santa Cruz county are being lumped into a Santa Clara County district. There is absolutely no way that we will have fair representation if we are included with a much more densely populated area in Silicon Valley. Our interests are with our own county of Santa Cruz and the Central Coast. Please make a districting plan that puts our votes where we want them to count--- in our own county.

Thank you for your consideration.

Dear Sir or Madam,

It has come to my attention that it is proposed to redistrict the Scott Valley into one of the coastal districts. I think that this is wrong for several reasons.

1.

We will lose our effective and fair representation.

2.

We do not sure share common interests and culture with the coastal districts.

3.

The geographical separation will cause hardship for this area (have you driven the road between Scott Valley and Eureka?!)

I would urge you to re-think this proposed re-districting!

Thank you for reading this.

Sincerely,

Jon Dewis

(Fort Jones)
