Hi,

I attended the Commission hearing on Saturday in San Jose, but because of limited time, I did not get to speak. Given that I have long work history in east San Jose and live in the Tri-Cities area, I have a unique understanding of the communities affected. I knew a number of the people from both communities that spoke. Like most of the people from these communities, I support the redrawn Tri-Cities map. You should keep Fremont, Newark and Union City together in the same Congressional, State Senate and Assembly Districts and do the same for East San Jose. These communities are very different. As you heard, there is very little desire for these communities to be joined, and each has there own unique history and ethnic focus.

Dear Sir:

As a resident of City of Fremont. I strongly disagree the split City of Fremont into two district. We like the way it is now. Please don't split Fremont!

Redistricting is no way necessary now or in the future. As a resident of San leandro I can't understand, why this is even a consideration. We will eaten up by larger cities and their agendas.As you can see by the promoters of redistricting, minorities who are the majority are only interested in serving themselves.
