YOU SHOULD LEAVE THE DISTRICTS THE WAY THEY ARE. AT LEAST WE ARE BEING REPRESENTED AND WITH THE CHAGE WE WILL NOT BE REPRESENTED FAIRLY.

Subject: Small change needed

Message Body:

The draft maps that split east contra costa county by cutting out Oakley and bethel island will effectivley isolate these areas from the representatives that represent every other contiguous city and area (they are otherwise bordered by the delta). If the contra costa region needs an adjustment to meet population requirements, then i would like to suggest that reassigning an area in west county to an adjacent area in northern alameda county, or reassigning an area in southern contra costa county to an adjacent district in eastern alameda county would cause less harm and result in state representatives with more logical districts from a geographic perspective.

Thank you,

Paul Abelson

Commission: You have stopped producing transcripts of the hearings??? !!! We need that information to organize and analyze the COI testimony that has been given. What has happened? Did the \$500,000 plus cost of Gibson Dunn destroy your budget? Switch to the Nielsen firm. They are better at this anyway.

Best, Carol Hehmeyer
