Subject: KEEP MARIN WITH SONOMA/MENDOCINO/NAPA

Message Body:

I would hope that the redistricting commission continues to use their good sense and keep Marin in the same district with Sonoma. I would not object to expansion into Mendocino or Napa counties either. San Francisco is a huge metropolitan area. Marin is a collection of small towns with vast agricultural resources since the 1800s. I see no link or similarities to SF in this.

Subject: General

Message Body:

Many thanks to the Commission for the hard work and honest effort the members have put into the redistricting project.

As a resident of San Rafael, in Marin County, I want to voice my opinion concerning the new legislative districts for Marin. The draft maps properly separate San Francisco and Marin County. This is appropriate and should not be changed. San Francisco is a highly urban, population-dense city. Marin is made up of small towns and suburban communities. We are interested in open space, families, and our children's education and general well-being. While S.F. is also interested in these things they have higher priority concerns that are much less important to us: homelessness and its affect on quality of life, large-scale public transportation issues, business enterprise, tourism; all the concerns of urban areas. S.F. and Marin have different life styles, interests, and populations, and should be in separate districts.

Thank you for the opportunity to express my opinion.

Pat Long

Message Body:

I favor Marin assembly, congressional, and state senate districts be formed with counties north of the golden gate and not with portions of San Francisco.

Subject: Redistricting Maps -- First Draft

Message Body:

I strongly endorse the first draft of new maps covering Marin County for Congressional, Assembly, and Senate districts. Marin has much more in common with the North Coast counties than with San Francisco or the East Bay.

I really hope that the proposed new districts come in to being, rather than have CA revert to the gerrymandered districts created in 1981.

Pairing Marin with San Francisco has made me feel unrepresented.

Message Body:

Dear Commissioners,

I approve of keeping Marin County , for both Senate and Congressional districts, in a north coast district as it was prior to 1981. We should not be in a district with San Francisco.

Thank you,

John David, a Novato resident

Dear Sir or Madam,

I am writing in support of the draft map to include Marin County with Sonoma and a small part of Napa Counties. I do not support including parts of San Francisco in the district.

I understand the boundaries are still under consideration, and would like my comments submitted to the record.

Thank you.

Subject: MARIN BELONGS WITH SONOMA/NAPA/MENDOCINO

Message Body:

My subject line says it all - NO SAN FRAN WITH MARIN!! The massive amount of agricultural connections ALONE are enough to make it obvious that Marin has NOTHING whatsoever do with San Francisco. My district ends at the Golden Gate Bridge!!

Subject: State Senate and Congretional districts

Message Body:

Your draft districts that include Marin and the north coast counties are far better than the current districts. Marin has little in common with San Francisco. If changes are needed, including more of Sonoma rather than the far north would be appropriate. San Francisco has little rural open space and farming so should not be in the same district as Marin, Sonoma and other more rural counties.

Marin County has very little in common with San Francisco and should be separated into the North Coast District. Most folks that live in Marin County, even if they work in San Francisco, do so because our lifestyle is completely different. Many of us have moved from the city because we are different in our thinking and how we enjoy life.

You can't be serious - put us in a Congressional district almost 400 miles long? our coast is parks and ranches, like Sonoma but no like Del Norte - with an urban/suburban core just "over the hill" where we shop in major cities like Santa Rosa and San Rafael. Why would you cut Santa Rosa out of the district?? Please revise! Something like the old 6th District is better.

Subject: Don't lump us with San Francisco!

Message Body:

I feel very strongly that your initial efforts are correct and should remain as they are. Marin has NO true common interests with San Francisco.

Please don't allow ambitious politicians to sway your decisions just because it might help them get elected or re-elected. Keep Marin & Sonoma together; leave SF out of our district!

Thank you. Brenda Jo Morales, Marin
