Subject: Alignment of Sonoma County

Message Body:

I have just learned there is a proposal to remove the city of Santa Rosa from Sonoma County. Placing it with some other county rather than with its "home county" doesn't make sense. Combining an intact Sonoma County with Marin County seems to me to be a good fit. Removing our county seat from the rest of the county seems to be to represent the worst of gerrymandering, and I trust the information I've received is wrong. Thank you for your consideration. Regarding the proposed new congressional districts for Sonoma. A couple of comments. Firstly it seems inappropriate to remove Santa Rosa and the area around it from the rest of Sonoma. Santa Rosa is an integral part of the business, agricultural and community of Sonoma. Secondly the main industry in our area is wine growing and associated tourism and our main communities of interest are the wine growing regions of Sonoma, Napa parts of Lake, Marin and Mendocino and it seems best to try to keep those together. There is also common interest in the Marin/Sonoma counties with the main traffic corridor of 101 and soon to be SMART rail service. There is also a common interest in the coastal communities from Marin and Sonoma north which should be kept together.
