Subject: Support for North Coastal Redistricting

Message Body:

It is important for California's Coastal communities to be kept together. I support the lines the Commission has drawn for the North Coastal District for these reasons:

1. rivers that flow to the coast and which support at risk salmon and steelhead.
2. we all strongly favor ocean and shoreline protection
3. we all have harbors which face the same issues and challenges
4. we have redwood parks in the north, center and south of the district
5. the 101 corridor is our main source of transportation and links us all together.

People from Western Siskiyou should be kept with us. Thank you.

Subject: Redistricting

Message Body:

I'm writing regarding the re-districting plan in N. Cal. Coastal communities should be kept together.

Here are some of the reasons:

1. rivers that flow to the coast and which support at risk salmon and steelhead.
2. we all strongly favor ocean and shoreline protection
3. we all have harbors which face the same issues and challenges
4. we have redwood parks in the north, center and south of the district
5. the 101 corridor is our main source of transportation and links us all together.

Western Siskiyou-ians come to the coast to shop and for culture. They are part of our coastal communities and should be kept with us.
