Subject: Comments on Mendocino County

Message Body:

Mendocino County is one of the big players in the wine country community of interest for northern California. Please include.

Why would you want to reduce our Congressional influence on coastal matters pertaining to the important coastal matters of the northern coast? Please ensure that our district retains the two current Congressional votes.

When I looked at the composition of the Commission, I became concerned that the very northern portion of our state would be given short shrift. Please consider us as an essential part of the state's economic future, and not some rural, to be ignored, entity. We are one state, not two.

Message Body:

Mendocino is left out of the wine country community of interest. Mendocino's exclusion with Napa, Sonoma and Lake is a big oversight.
