Subject: Mendocino Left Out

Message Body:

I see by your proposal that Mendocino is left out of the wine country community of interest. Mendocino's inclusion with Napa, Sonoma and Lake is a big oversight as we are the third largest county for wine in the nation.

This is a big mistake and puts us with counties that have little commonality other than 'North Coast' with them. This line needs to be re-looked at by folks that understand the dynamics up here. Please!
