Subject: Don't realign the 1st district the way that you are proposing

Message Body:

The proposed redistricting separating Napa and Lake from Mendocino and Sonoma makes no sense. This has a tremendous historical and cultural region known as California's North Coast viticultural area. Napa has virtually nothing in common with the Central Valley counties that are being proposed as the new district from a demographic and psychographic perspective. Similarly, Marin County is very different from all of the coastal counties north of it in the same light. Its sphere of influence is much more aligned with the San Francisco Bay area. Please reconsider the boundaries of the district so that it more closely follows the existing 1st district.
