Subject: Committee Makeup

Message Body:

How can a committee with so little exposure to the area it seeks to revise make such important decisions with no hearings in the area and a decidedly South California slant on the issues viz a viz the members. Where are representatives for example from Siskiyou County. Why are no public meetings scheduled in the Siskiyou, Shasta, Modoc or Trinity areas. These are the areas you would most dramatically impact and would deny proper representation. These areas need it the most because of the very fundamental attacks being made on their economies, which have so reduced over a period of years by Federal and State encroachment and curtailments of their cultural and natural economies.

Subject: REDISTRICTING

Message Body:

This proposal to redistrict Etna, Fort Jones and the east side of Scott Valley to the Coastal District is a bad idea. We have a great working relationship with our state and congressional political leaders and they understand our issues and problems. The travel times, political issues, and perspectives of the coastal leaders are different than ours and this will effectively reduce or destroy our capacity to be fairly and equally represented. Why cut a portion of the county out of a current district which is functioning effectively? This is wrong and will hurt the people of Siskiyou County. I am an elected official and plan to send a letter to this effect.

Thank you,

Jon E. Lopey
Mount Shasta
