Stockton, California 95203**Re: San Joaquin County Citizens for Constitutional Redistricting**

Dear Commissioner DiGuilio:

Thank you for your time and effort in serving on the commission. As you requested at the Oakland "organized groups" meeting, we have prepared regional maps showing how San Joaquin County can be kept "whole" while not harming other cities or counties and while complying with the Voting Rights Act.

Additional copies have been sent to the Sacramento office of the Citizens Redistricting Commission, but with all the information being submitted to Sacramento we wanted to ensure you received this information directly. Although these are only illustrative maps, the detailed information is in the "census block equivalency" files on the enclosed CD. Q2 staff can assemble the detailed maps as necessary.

We would also suggest that if Q2 will provide us with their "census block equivalency" files for your June 10 draft maps, we will show you how it could be "tweaked" to keep San Joaquin County "whole."

We also invite you to sit down with us and not only review these maps, but discuss other information that would be helpful in keeping San Joaquin County from being gerrymandered once again. Please contact my office to arrange a mutually convenient time.

Very truly yours,

Marc B. Robinson
