Dear Sir,

As a citizen of Lodi and city council member, I request that the commission consider changing its map to include Lodi in the Assembly and Senate seat occupied by rest of San Joaquin.

It was my understanding that the commission would consider paramount the community of interest standard. The present map of the Assembly and Senate shows Lodi in a district that goes all the way to the bay area and to Santa Rosa. There is very little common interests of Lodi and the other cites and communities in the district in the proposed map.

The appearance of the map suggest a picture of a salamander or a gerrymandered seat, which I believe is not the intent of the commission.

*Thank you for your consideration.*

*Alan Nakanishi*

I am not happy about Lodi being included in a district along with East bay. I urge you to reconsider having Lodi be part of a San Joaquin County District
