Subject: Good job

Message Body:

I live in Davis. Our current Congressional district involves most of the North Coast, with a little arm reaching over to grab Davis and some of West Sacramento. It is absurd.

The proposed district that would include Davis actually accurately reflects the region in which I live, including the I-80 corridor from Vallejo up to Sacramento and the surrounding area.

Bravo, folks. Thanks for your hard work.

PS I do computer algorithms for a living, and while I do think it might be possible to further computerize the process, I doubt it would do a better job than careful human judgment.
