Esteemed Commissioners,

I wish to thank you for taking into account our voice as residents for this important matter.

We have many things in common with the East part of Coachella Valley, and would like to be one "big valley", and not two separate ones. I thank you all for your work, and I'm hopeful that the East part of Coachella Valley will stay together with our Imperial Valley in the Senate and Congress.

Keep up the good work, and thank you all again.

Eduardo A. Guevara
