Subject: North/South more reflective of communities of interest

Message Body:

I was very pleased to see that the revised maps for the Assembly reflect a north/south alignment and hope that the numbers for the State Senate and US Congress can be revised to also connect a north/south, doing otherwise dilutes the latino voters growth/strength and is not in the spirit of the Voting Rights Act. Thank you for all your hard work and trying to give us voters adequate voice for choosing our representatives that best reflect our demographics.
