Subject: boundary lines

Message Body:

I live in Clairemont, an older neighborhood that is part of San Diego City. On all of the maps in the first draft, it appears that my neighborhood is being split up and combined with other parts of the county that are not similar in any way to Clairemont. My concern is that my neighborhood will no receive equal and fair representation at the state level because it is split into so many different districts. Clairemont should be placed in with San Diego City, and not north county. Clairemont has traditionally been defined as south of Hwy 52 and between I-5 and I-805. North county can be described as anything north of 52 and north of LaJolla. Thank you for this opportunity to comment.

We would like to see the Clairemont area of San Diego remain intact. We have boundaries here and are best served the way the district is now. We oppose divisions within our community.

Thanks for listening,

Trapasso Family  
San Diego

Subject: Precinct Boundaries

Message Body:

Please do not divide neighborhoods into different precincts. Our area, Mt.Helix Rancho,consists of winding roads, cul-de-sacs, etc. In the past (20+ yrs ago) our neighborhood was so badly chopped up that we didn't have a polling place. We take great pride in going to the polls on election day and were deprived of that for 10 years! Please don't allow that to happen again. We live on a cul-de-sac road between Calavo & Avocado Blvd, in San Diego County, north of Hwy 94. Our area has three different zip codes, although all are in the unincorporated area. We share the same school district, water district, fire district, etc. Our road is off Calavo Dr. with a Spring Valley postal address, surrounded by La Mesa postal addresses. We respectfully request that any precinct boundaries be drawn along main roads and freeways rather than dividing neighborhoods along winding roads and dead end streets. Thank you!
