Dear Commissioners,

We support the latest Orange County congressional map that links Costa Mesa with Fountain Valley, Huntington Beach and Newport Beach, not Irvine. We do not have a similar community of interest with Irvine.

It is a master planned inland city that has much more in common with places like Lake Forest, Mission Viejo and Tustin, than it does with our city. Thank you for keeping these communities of interest together. Please do not make any changes that would disrupt the community of interest that you have respected with our neighboring cities that are included in the most recent social congress map.

Sincerely,

Kathleen M. Herzog

Dear Commissioners,

I email to urge the adoption of Option 3, Commissioner Ward's proposal as it relates to the state senate districts in Orange County. It is a fair proposal that will protect the interest of all communities in Orange County.

Thank you and your favorable consideration is greatly appreciated.

Dear Commissioners,

We support the latest Orange County congressional map that reunites Huntington Beach with Fountain Valley and the Little Saigon community of interest, while still keeping us with Newport Beach and Costa Mesa. All of these cities share a community of interest that has shaped the cultural fabric of coastal and west Orange County. Thank you for respecting this and not lumping us in a district with Irvine, a master planned community that has different interests from us. Please do not make any changes that would split up Huntington Beach, Fountain Valley, Costa Mesa and Newport, as you finalize the congressional district lines.

Sincerely,

Phillis Lane

Subject: Redistricting of Huntington Beach

Message Body:

I am strongly opposed to splitting the City of Huntington Beach into two districts. The City is a single entity, and splitting it into two different districts is artificial and contrived. The Commission is supposed to keep cities intact, and this action is in total opposition to that mandate. I strongly urge you to maintain the integrity of the City and keep it as a single unit.

To the Redistricting Commission:

Trying to read the map I saw printed in the O.C. Register was at least not as confusing as trying to read the maps shown on this site.

So far, what I have seen is that parts of West & North Orange County will be put into Los Angeles County...and this MAKES NO SENSE WHATSOEVER! Further, you are carving up more cities & putting them with other cities that are very dissimilar...again, MAKES NO SENSE. (e.g. Hunt. Bch/Costa Mesa/Westminster/Garden Grove).

Please go back to the drawing board & start using some common grounds & some common sense.

Sincerely &
Respectfully,

Mrs. Campbell, Neighbors & Friends in Westminster

Dear Mike.,

I am directing my comments to you because of your familiarity with the City of Irvine and the best interests of the community in which we live. I have been a resident of Irvine in the village of Woodbridge since 1978 and I am very much aware of the interest of the Community. I also serve on the Board of the Irvine Ranch Water District and my interest in the success of this community is primary.

The City of Irvine was carved out of the Irvine Family Holdings which stretched from the ocean to the mountains. Irvine has always been proud of the nexus to the City of Newport Beach and the Newport Coast area is a part of the Irvine Ranch Service area. The cities of Costa Mesa, Orange, Tustin, Lake Forest are also served in part by the Irvine Ranch Water District. Our community of interest is west to the ocean and north to the mountains. It is important that the Re-Districting Commissioner consider our request to maintain our Congressional District and Congressional Representative that encompass our areas of primary interest.

Than you for your consideration.

Very truly yours,

Mary Aileen Matheis

Dear Commissioners,

I am concerned with the numerous redistricting drafts that has come out. It doesn't protect one of the largest community of interest in Orange County, the Vietnamese American community(aka Little Saigon). As you have heard, Orange County has the largest Vietnamese residents outside of Vietnam. In addition, the recent census has shown an increase in our population in Orange County. Vietnamese Americans live in the Cities of Westminster, Garden Grove, Fountain Valley, Santa Ana, Anaheim, and Stanton.
