Subject: Re-Districting Protest re dividing Huntington Beach

Message Body:

Splitting Huntington Beach into two separate Assembly Districts does nothing to preserve the efforts this community has put forth to build a one-community spirit of giving, helping, volunteering, working, recreating, living together for our over 100 year history. WE ARE A BEACH COMMUNITY AND DO NOT WISH TO BE SPLIT!!

**BILL CAMPBELL**

CHAIRMAN  
ORANGE COUNTY BOARD OF SUPERVISORS  
SUPERVISOR, THIRD DISTRICT

RECEIVED JUL 28 2011

ORANGE COUNTY HALL OF ADMINISTRATION

July 25, 2011

**SENT VIA EMAIL AND U.S. MAIL**

Citizens Redistricting Commission  
901 P Street, Suite 154-A  
Sacramento, CA 95814

Dear California Redistricting Commission Members:

On July 8, 2011 I wrote to you (enclosed) regarding past gerrymanders that have utilized Orange County residents to bolster the populations of districts based in adjoining counties all to the detriment of Orange County's fair share of political representation.

I had planned on thanking you in person on Friday, July 22, for your efforts in creating the "assembly social" map which was introduced on July 13 and appears to provide Orange County with adequate proportional representation. Unfortunately, due to the cancellation of my flight to Sacramento I was unable to attend the California Redistricting Commission meeting.

In regards to the Orange County Senate districts, it appears that in map "senate social" created on July 13, an attempt had been made to "nest" districts within the Orange County boundaries. This map currently has two Senate districts fully nested in Orange County however I strongly believe there needs to be three Senate districts fully nested within Orange County to provide sufficient representation to the citizens of Orange County.

Orange County is a community of interest in and of itself. When asked "Where are you from?", a resident responds "Orange County", not his or her city's name. We have our own major daily newspaper, PBS affiliate, performing arts center, professional sports teams, theme parks, bus lines, Cal Trans District, and many other facets that help define Orange County as a community of interest.

I thank you for your tireless efforts and hope that my comments may be of some assistance as you address the redistricting process in Orange County.

Sincerely,

A handwritten signature in cursive script that reads "Bill Campbell".

Bill Campbell  
Supervisor, Third District  
Chairman, Orange County Board of Supervisors

**BILL CAMPBELL**  
CHAIRMAN  
ORANGE COUNTY BOARD OF SUPERVISORS  
SUPERVISOR, THIRD DISTRICT

ORANGE COUNTY HALL OF ADMINISTRATION

July 8, 2011

Citizens Redistricting Commission  
901 P Street, Suite 154-A  
Sacramento, CA 95814

Dear California Redistricting Commission Members:

As you may have read, California's recently adopted state budget contains a provision to divert \$48 Million annually from Orange County that had been previously pledged to us by the State. This money was set aside in the mid-nineties to pay off debt associated with the Orange County bankruptcy – at that time an equivalent amount of Orange County revenue was traded to the State to make it a revenue neutral solution. Now the state has grabbed that money as part of their budget "fix". This will have a profound negative consequence for residents of Orange County. Our public safety, park system, and economic vitality are now at additional risk.

I bring this to your attention because this action helps demonstrate why local governments like Orange County are themselves a community of interest. I have been disappointed that past gerrymanders have utilized Orange County residents to bolster the populations of districts based in adjoining counties all to the detriment of Orange County's fair share of political representation. While Orange County's coffers are raided, we have to look to non-Orange County resident legislators for help. I hope that this new process will cure this injustice, but I keep reading and hearing of proposals from this commission that seems to repeat this mistake.

I trust that by the end of this process the residents of Orange County will not once again feel cheated. However, I am concerned of reports that La Habra is combined with a Los Angeles County district and Los Alamitos and Rossmoor are put into a different Los Angeles County based district. Our county's northeastern tier of cities is at risk of being placed into a district that would include other city's representing three counties.

In order to help you protect the political integrity of Orange County, I would like to respectfully make several suggestions which could assist you in this endeavor.

1. Population dictates that there should be a minimum of four Orange County based Congressional Districts, three Orange County based State Senate Districts and either six or seven Orange County based Assembly seats.

2. To the extent possible, multiple county border crossings should be avoided. Any more than two border crossings will continue the practice of undermining Orange Countians faith in this process.
3. The Cleveland National Forest serves as a natural, physical barrier between counties and if it is crossed it creates districts that are nearly impossible to effectively represent.
4. The Chino Hill Park serves a natural, physical barrier between counties as well. One would never hear of a "Chino Hills Park Community of Interest." There simply is no close connection between the residents of Yorba Linda and Diamond Bar or the residents of Placentia and Chino Hills.

Recently, in our Board of Supervisors redistricting process, a new plan was tentatively approved. This plan recognizes the Community of Interest of Northeast Orange County by once again placing Brea, Yorba Linda, Anaheim Hills, Orange, Villa Park and North Tustin in the same Supervisor District. These cities have similar demographics and lifestyle and are linked by proximity and a network of freeways and highways including the 57, 55 and 91 freeways along with Imperial Highway and Cannon Road.

Similarly, our redistricting process appropriately combines the cities of Fullerton and Placentia. These two cities are separated by the 57 freeway which, along with Chapman Avenue is the main arterial for commerce and socio-political activity. At the border of these two cities is California State University, Fullerton – a place of distinction for both cities. Placentia and Fullerton are two of the cities in the North Orange County Community College District and Chapman Avenue links the campus of Fullerton Community College to Placentia – even the City Halls of each city are linked by Chapman Avenue (Placentia's on Chapman and Fullerton's one block south of Chapman). These cities are tied together through their common interests in higher education, youth sports, commerce and cultural activities.

For larger Senate and Congressional Districts it would make sense to combine all of the aforementioned cities.

I thank you for your tireless efforts and hope that my comments may be of some assistance as you address the redistricting process in Orange County.

Sincerely,

Bill Campbell

From: Jerry Wheeler <[REDACTED]>

Subject: Redistricting

Message Body:

While it appeared the maps had been finalized to suddenly see a "12 hour" attempt to marginalize representation seems a bit suspect. To cut up the 4th largest city in the county (Huntington Beach) will force us to potentially lose representation in both the senate and the assembly. This does not serve the interests of anyone in Huntington Beach and certainly not the business community who needs every bit of help in the region that is can muster. I urge you to not split up this great coast, not inland community and give back the representation it deserves.

Citizens Redistricting Commission  
901 P Street, Ste. 154-A  
Sacramento, CA 95814

Dear Commission Members:

As a resident in the City of La Habra, located in Orange County, I am strongly opposed to the Commission's plans to place La Habra in Senate and Assembly Districts comprised solely of Los Angeles County cities. La Habra does not share with Los Angeles County communities the same community identity, history, characteristics and relationships, which directly correlate to our vision for the future of La Habra. Rather, is more closely aligned with north Orange County cities, which rely on Orange County-based educational institutions, the Orange County Transportation Authority, the Municipal Water District of Orange County and many other organizations.

Specifically, the City of La Habra should be placed in the DB-YL (Diamond Bar-Yorba Linda) Senate District and either the DBRYL (Diamond Bar Yorba Linda) or ANAFULL (Anaheim Fullerton) Assembly District. The present map visualizations place La Habra in the Los Angeles-Covina Senate District and the Whittier-Norwalk Assembly District. To be the only Orange County city in districts with all Los Angeles County cities is unacceptable as it will compromise La Habra's representation in public affairs at the State Legislative level.

La Habra needs to be represented by elected officials that understand and share our local vision, goals and objectives. Our success and future is tied to the north Orange County region, and collectively, we need to be represented in Sacramento, not as an afterthought or island at the tail end of a Los Angeles County-dominated district.

I urge you to reconsider the placement of La Habra in the proposed district and realign the City with its other north Orange County communities of interest.

Sincerely,

Barbara L. Romero

Citizens Redistricting Commission

I am extremely dismayed at the lines drawn through the City of Orange. The commission is completely ignoring the interests, character and communities that are unique to the City of Orange and not at all a like community to the City of Santa Ana.

The lines as visualized presently show our city divided unreasonably and give us no true voice except as begging dogs to other neighboring communities. This is especially disturbing given our size and history.

I urge you to rethink your current lines and listen to the people of Orange. Our interests are not those of Santa Ana nor do we deserve to be divided against each other represented by disinterested electeds whose core constituencies resides outside our borders.

Ms. Arianna Barrios

Subject: Huntington Beach losing representation

Message Body:

As a resident of the city of Huntington Beach I am writing to urge you to reconsider splitting the city of Huntington Beach in half for our state assembly and senate seats. I feel that it is inappropriate to make this drastic change at such a very late point in time.

Huntington Beach is the fourth largest city in Orange County we need to have a vote!

Subject: Against splitting up of Huntington Beach in redistricting

Message Body:

The map of the new districts shows Huntington Beach split in two. I am against the splitting of this one community with common needs that can best be represented by a single elected official. The city's issues will not be fully addressed if split between multiple districts. Please reconsider this map and allow this municipality to remain in a single district.

Subject: Redistricting

Message Body:

Lifetime resident and homeowner in HB that will vote for proper representation for our city. And promote it!

We have our own unique feel/expectations from government and to blend with surrounding cities will not represent HB in the proper light and be in our interest.

**Subject:** splitting of Huntington Beach into two NOT a good idea

Message Body:

Huntington Beach is the fourth largest city in Orange County by splitting the town we would lose our current representation in both houses...I'm not talking about parties I mean our representation for almost 200,000 residents. Please make Huntington Beach whole again so we can have representation in our state assembly and state senate...please make this change today...

Sincerely,

Barbara Delgleize  
Resident of HB

Message Body:

I am asking you to oppose the current redistricting plan. Huntington Beach is the 4th largest city in Orange County and should not be split. A city that size should have it's own representation.

Thanks for you consideration.

Subject: Huntington Beach

Message Body:

I strongly believe that Huntington Beach needs to stay in one single district and not divided between 2 districts. Division would put great strain on limited resources to represent the 4th largest city in Orange County effectively. Please reconsider this division and keep Huntington Beach's voice in the House and Senate.

Cynthia H. Perazzo  
Huntington Beach, CA
