Message Body:

I would like to request that the cities of Arcadia and San Marino be included in the San Gabriel Foothill Mountain area. It makes no sense to include them in another district when cities much closer to them and with similar interests and concerns, such as Pasadena, are all grouped together.

Gerrymandering is such a travesty and I hope that the voters' concerns are utmost in the minds of the Citizens Redistricting Commission. Thank you.

Subject: Outpost Estates (Hollywood Hills) Districts

Message Body:

I am President of the Outpost Homeowners Association which represents 450 homes in the Hollywood Hills between the Hollywood Bowl and Runyon Canyon. Our Board reviewed the first round of proposed districts and was pleased with them as they all used the 101 Freeway as the districts' eastern boundary and we were part of three Westside districts. Your latest round of district maps places us in three different types of districts. We are in a Westside State Senate district extending to Malibu and down the coast to RPV. We are now lumped together with Los Feliz/Beachwood areas and Glendale and Burbank and La Canada Flintridge for the US Congress. For the State Assembly, we are combined with the San Fernando Valley. We seem to be in the pivot point of all the districts. We prefer to be joined with the Westside area, as that is the area that we have the most in common with. We urge you to return to the use of the 101 Freeway as the eastern boundary of these districts and to k!

Keep the Hollywood Hills together as a community with common interests.

Subject: Do Not Divide Monrovia

Message Body:

July 26, 2011

California Citizens Redistricting Commission

901 P Street, Suite 154-A

Sacramento, CA 95814

Dear Honorable Commissioners,

As you prepare to approve the final redistricting maps, I send this letter to you with great urgency. On June 17, 2011, I submitted a letter on behalf of the Monrovia City Council regarding the first round of draft maps released on June 10th for Congressional, State Assembly, State Senate and Board of Equalization districts. In this letter, I called for all of Monrovia to be kept whole.

At that time, the June 10th Draft Proposal showed that Monrovia's Congressional district was not split. We asked that as you continue through the process, that you would preserve Monrovia as a uniformed district for our Congressional, State Assembly, and State Senate districts.

However, the most recent visualizations released on July 18 shows that our hopes were not completely fulfilled. While there is one Assembly and one Senate district for the City of Monrovia, Monrovia now has two separate Congressional Districts. My fear is that you will proceed to adopt this map without taking into consideration the negative impacts splitting our community will have on our residents.

With the eve of the vote upon us, I once again urge you to preserve Monrovia as a uniformed district. This helps reduce confusion, improves communication with legislators, and encourages the alignment of goals for Monrovians. As the Mayor of Monrovia, it is my goal to look out for the best interest of all residents, and having our City arbitrarily split in half will ultimately lead to inequities for our citizens.

Thank you for your time and consideration.

Sincerely,

Mayor Mary Ann Lutz

City of Monrovia

Subject: New districts

Message Body:

I have reviewed the new congressional, assembly and state districts in my area (Los Angeles) and want to encourage the Commission to continue to work in what seems like an unbiased way, despite the expected criticism. It is extremely difficult if not impossible to make everyone happy. Our geography and demographics are made up of shades of gray, not black and white. The task is particularly difficult when there are competing Communities of Interest in different demographic categories that may overlay each other in part, making one group feel slighted when the other group is kept more intact. Moreover, groups whose interests were carefully advanced out of proportion to their population but for political purposes, in prior drawings of the boundaries, will scream the loudest. Whatever the shortcomings of this method, they are miniscule compared to what we would have and have had when the politicians set the districts. Thank you.

To Whom It May Concern:

I am writing to express my concern that the community of Westchester be split from the 35th Congressional District, and be included in the 36th District instead. The core reason is that Westchester and the beach cities in the 36th share many more common interests including transportation issues, coastal and environmental issues, and matters concerning LAX to name a few, than we do with the communities to the east that are part of the 35th.

To the extent congressional districting has to do with serving communities of interest, we urge you to consider this request.

Sincerely,
Matt Stellato

Please reconsider the proposed borders of our Congressional District to have Westchester, Playa del Rey Marina del Rey and Playa Vista be in the same Congressional District as the beach cities. We have a greater connection and concerns with the beach cities than we do with all of the 35th Congressional District with Maxine Waters that we are currently in.

The Los Angeles World Airport must be included in the same Congressional District as Westchester and El Segundo and the other beach cities. This is the most logical and correct thing to do.

Dear Friends,

I appreciate your work. I know your job is very complicated -- you have many voters, politicians, and government staff weighing all kinds of variables.

However, I could not ignore the fact that my neighborhood is threatened with being broken in multiple ways by the current redistricting plans.

I live and own a home 3 blocks south of Pico Blvd, in the Pico Robertson neighborhood. My child attends school at YAYOE, which is near La Brea & 3rd streets. Currently, for the summer, she is attending camp just a block from that school.

The Fairfax area and my Pico Robertson neighborhood are inextricably entwined, from the restaurants to the schools to the religious institutions to the amazing volunteer emergency organization, Hatzalah. All of them serve both our communities. The people from each area travel between these areas for classes, business, and family events. It is really a single large community.

I would also ask that my immediate area, Pico-Robertson, NOT be cut in half. All my area should be included in one district.

If you allow us to be united, our representation and our ability to contribute to this wonderful state will be so much more enabled.

Feel free to contact me anytime.

All the best,

David Notowitz

I am living in Playa del Rey and want to let you know that the area of Playa del Rey/ Westchester/Playa Vista is very close and should be represented as one group. These three areas are very small individually and should be kept together. I also feel strongly that we should then be represented with beach cities and Not inland cities of Inglewood and Carson as we have much more in common with the beach cities. We share the same common interests and concerns with the beach cities.

To: <[REDACTED]>

I have lived on the Westside for 35 years. But most of my business is conducted on the San Fernando Valley. I am a t.v. documentary producer. For over 30 years, I have been one of the 500,000 who travel daily over Sepulveda pass. From offices in the San Fernando Valley, I executive produced over 450 hour episodes of the History Channel's "Modern Marvels" series.

The Westside and the San Fernando Valley are intimately connected. As I Westsider, I request that a State Senate district not represent a combination of the San Fernando Valley, Ventura County cities, or Santa Clarita. Instead, the district that includes the southern San Fernando Valley should also include the Westside and Malibu.

Thank you,

Don Cambou

To the Citizens Re-districting Committee:

I am a Westchester resident and voter. The plans for re-districting should have Westchester in the same district as our neighboring communities of Playa del Rey and Playa Vista, as we share the same concerns and interests. Our area deals with and is affected by common issues such as LAX, local transportation, and coastal and environmental concerns. When I patronize local area businesses or community resources, I look to the Westchester/Playa del Rey/Playa Vista community. I urge you to include Westchester in the same district as Playa del Rey and Playa Vista and South Bay cities.

Thank you for your consideration,

Subject: Redistricting Public Comment - South Los Angeles - South Bay

From: Paul Waters <[REDACTED]>

Date: 7/27/2011 11:53 PM

To: <[REDACTED]>

Dear Redistricting Commission,

I've been following your work with intense interest. An arduous task, but one that I feel you're doing well. Even in their current state, the lines are far more rational than then those from the last redistricting. But I do have a comment regarding south Los Angeles.

The districts appear to be drawn to preserve three black-majority congressional districts in this area. I don't think this is appropriate. This area has been losing its black population to the Inland Empire and Palmdale for several decades. Indeed, Compton will likely elect a majority Latino city council in the next couple of years. There should be two black-majority seats, not three.

An aspect of this is that the current draft has the Congressional district that includes the Hollywood, the Westside and Malibu, also including the south bay down to Palos Verdes. There is a major distinction between the cities and areas south of LAX, and those to the north. I believe having this area remain separately represented would better serve the needs of this area.

Having two black-majority seats, would allow the south bay to have a district comprised exclusive of south bay area.

Please consider this for a future draft.

Sincerely - - - Paul

I am a resident of Westchester, a community of Los Angeles in the 90045 area code. The original plan for redistricting aligned our community with other beach cities that share many of the values, needs and concerns of Westchester residents (El Segundo, Redondo Beach, Manhattan Beach). The new plan shifts that, making Westchester part of the Inglewood and east communities.

I urge you to stay with the original plan, which is a much better fit for our community.

Thank you for your time and attention.

To Whom it may concern:

I live in Beverlywood [REDACTED] and am writing about the plans regarding the re-districting of my area.

I feel that the Fairfax/Hancock Park neighborhood and Pico-Robertson/Beverlywood neighborhood constitute a single, integrated community-of-interest (COI) with many shared institutions, and the only way that the Orthodox Jewish community will have a voice in the Assembly is if Fairfax/Hancock Park and Pico-Robertson/Beverlywood are all in the "LAMWS" district.

Uniting our community in a single district will not weaken the representation of any other minority group or community of interest. I thank you for putting some of Pico-Robertson into the "LAMWS" district, but I ask that you please not divide Pico-Robertson/Beverlywood in half. All of Pico-Robertson/Beverlywood should be in the "LAMWS" district, along with Beverly-Fairfax, Hancock Park and Beverly Hills.

I have lived in Westchester since 1966. It is a wonderful place, but it has unique concerns, such as the coastal and environmental matters. We also have the ever present LAX.

We should be included in the South Bay cities where we share the same challenges. I can't see any reason not to include us in that group, if we are to meet communities needs as intended.

Please consider the needs of Westchester. It is a vital addition to this city and many fine residents feel under represented when we are in the wrong district.

Thank you for considering our needs as you redistrict.

Dear Commissioners Dr. Gabrino Aguirre, Angelo Ancheta, Vince Barabba, Maria Blanco, Cythia Dai, Michelle DiGuilio, Jodie Filkins Webber, Stanley Forbes, Connie Galambos Malloy, Gil Ontai, M. Andre Parvenu, Jeanne Raya, Dr. Michael Ward, Peter Yao,

As you work towards completion of the redistricting process, I urge you to include the following:

- La Crescenta, La Canada, Glendale and Burbank have far more in common with the contiguous foothill area of Sunland, Tujunga, Kagel Canyon and Shadow Hills than they do with the divergent part of Hollywood. That part of Hollywood can go into the central valley **Assembly District (LAGBP)**, and that Assembly District can give up an equal amount of low Latino population (probably from North Hollywood) to replace the low Latino population in Sunland and Tujunga. It is my understanding that high ethnic (Latino) population areas could be considered packing, a violation of the Voting Rights Act.
- The **Congressional District (SGMFH)** has split Burbank. Burbank should be made whole in the same way as before. Add the rest of Burbank and give up some population in Hollywood and roll the population into the Congressional District in North Hollywood.
- The resulting Districts will be better in many aspects and have our connected communities together and whole.
- Glendora should be included in the **State Senate District (LASGF)**, because it is a foothills city with strong ties to the other foothills cities. Please finish the foothills district by making it better now.

Thank you for your continued effort in addressing the needs of our area.

Sincerely,

Karen Suter

IMPROVING THE QUALITY OF LIFE IN SUNLAND TUJUNGA

7747 Foothill Blvd., Tujunga, CA 91042 • www.stnc.org • 818-951-7411 • FAX 818-951-7412

Date: July 27, 2011

To: Redistricting Commissioners

Subject: Rural Foothill Communities District

Regarding: Rural Communities to include of Kagel Canyon, Lake View Terrace, Shadow Hills, La Tuna Canyon, Sunland-Tujunga, La Crescenta, Montrose, La Canada-Flintridge, Sunland-Tujunga, plus Glendale and Burbank

Last week, the Sunland-Tujunga Neighborhood Council via our Redistricting Advocate Nina Royal, sent you by FEDX, 15 sets of petitions with over 250 signatures of support along with a map of our proposal. However, our map has not been mentioned on your site to date. You have also received letters from our neighboring communities and organization with the same request. We are discouraged to find that we are still included in the East San Fernando Valley Assembly District. Our proposed district has no significant common interest with the East San Fernando Valley. We are only 11% Hispanic and do not belong in a district that has been designed by the Hispanic East San Fernando Valley Coalition. We deserve to be in a district that has the same common interest and where we will not lose our voice and our vote. Our rural communities share the same environmental, watershed, equestrian and economic issues. Also, the Verdugo/San Gabriel Mountains, Trails, Wildlife Corridor, Income, Housing, Transportation, Historic Preservation and Burbank and Glendale are our closest Health Care, Shopping and Entertainment hub. We also share the Verdugo Hills plus two nearby Colleges. Our L.A. City Councilmember, Paul Krekorian, also agrees that we do not belong with the San Fernando Valley.

We encourage you to look elsewhere for your "numbers" and leave us out of that San Fernando Valley district and put us with Glendale and Burbank, where we belong. VICA, the business organization that asks to keep the San Fernando Valley whole isn't even aware that we exist because we don't have any major business and never will due to the geographic boundary limits. Therefore, we urge your support of our maps that we believe will better represent our area, diversity and overall population.

We really appreciate your hard work and dedication, but, this request is extremely important to us and will have lasting effects on our communities for many years. Please redraw our Assembly District as designed by us..

Sincerely,

Sunland-Tujunga Neighborhood Council

Dan McManus
President

CRC

Dear Commissioners:

My name is Bobbiejean Anderson. Thanks so much for your services to our State. I have been following the process and watching closely what has been happening with my neighborhood.

I live in Vermont Knolls, me and several of my fellow residents testified at your hearings and submitted written testimony asking that our community, which is in the LAX flight path, be included in the same Congressional District as the airport. The Community Noise Equivalency Level (CNEL) on my block is between 62--64, which qualifies us for some public assistance for noise mitigation.

While to you it may just be a movement of four to six streets north, for my neighbors and me it is an issue that significantly impacts our quality of life. We understand that it is very late in the process, but we hope you will hear our concerns.

Yours truly,

Bobbiejean Anderson

Subject: Sensible District(s)

From: David Himelson <[REDACTED]>

Date: 7/27/2011 9:30 AM

To: [REDACTED]

Dear Commissioners,

Hello. I am a sole practitioner attorney. For 10 years now my wife and I have been part of the Beverly-La Brea Orthodox Jewish community, which is really part of a larger bloc extending through the heavy Orthodox presence in the Pico-Robertson neighborhood. The families in this bloc have everything in common from a community and political point of view. Any attempt to avoid the obvious need and right to have the two neighborhoods placed in separate Assembly districts would greatly and unfairly weaken our political representation and would be interpreted as intended to do just that.

As has been pointed out, uniting our community in a single district will not weaken the representation of any other minority group or community of interest. To the contrary, it will give a voice to the smallest but at the same time most intense and cohesive minority.

We thank you very much for beginning to remedy the past injustice by including part of Pico-Robertson into the "LAMWS" district, but we very much request that you go all the way rather than arbitrarily slicing that community in half.

Thank you so much for all your efforts.

David I. Himelson

To Whom it May Concern;

In reference to the redistricting of the Wiseburn and Del Aire areas of Hawthorne , California, as a private citizen, I would like to continue to see these areas included in the beach cities community.

Sincerely,

Re: Vermont Knolls

Dear Commissioners:

My name is Styles Logan. I reside in Vermont Knolls of South Los Angeles, and in the past my community has been a part of the same Congressional district as the Los Angeles Airport. Right now, the maps you have take my community out of that district. The Airport causes so much noise and pollution in our neighborhood that it is really important to be tied to the Airport and have a representative with strong influence with the Federal Aviation Authority.

Thank you for considering this issue and request.

Sincerely,

Styles Logan

I have lived in Westchester most of my 68 yrs and feel that the Westchester Community shares many concerns with Playa Vista/Playa Del Rey and South Bay communities than we do we communities East of us. We live near LAX and have transportation concerns. We share common interests and concerns with these areas. We walk our dogs, shop, go to business in these area. Please do not align us with communities to the East.

Please do not redistrict Westchester with Inglewood and area's further east. We share nothing with these community's. We are less than 1 mile from the beach and should continue to be included in these south bay communities. Changing would greatly affect our Westchester for the worst!

To the members of the Citizens Redistricting Committee:

When I moved to Westchester from Santa Monica 13 years ago, I was surprised to learn that Westchester was part of the 35th Congressional District, and not aligned with the beach communities to our north and south, who are in the 36th District. Westchester shares many of the issues unique to the nearby beach communities, including the coastal environment, tsunami preparation, LAX expansion, and transportation corridors. Please take these things into consideration as you realign the Congressional Districts this year.

Thank you,

Dear Commission Members:

RE: ARCADIA and SAN MARINO Redraw the Lines

Please redraw San Marino and Arcadia so they will be included with the Common "communities of interest" in the San Gabriel Foothill Mountains (LASGF). These two cities are divided and forced to join other cities farther south with which they have nothing in common. This is wrong.

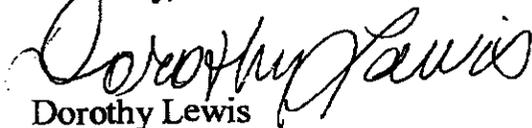

Arcadia and San Marino have contracts and agreements with other foothill Communities of law enforcement, fire protection, medical services, and Upper watershed management and conservation.

Arcadia and San Marino have an entirely different socio-economic base, Environmental issues, quality of living standards, and contributions to "local communities of interest" than the cities farther south.

Arcadia and San Marino are already known for their largely diverse Population of ethnic groups which well-meets "Voting Rights Act Standards."

Please, for the above reasons and more, redraw Arcadia and San Marino to Be included in the San Gabriel Foothill Mountain area (LASGF) in the Assembly, Senate, and Congressional Districts. Thank you for your interest.

Re: Whittier Area – July 19th Visualizations

Dear Members of the Commission:

Thank you for the opportunity to comment on the latest visualizations. If you recall, I am the individual who had the map of the Whittier/Puente Hills at the San Gabriel meeting and then spoke again when you were at Rio Hondo College here in Whittier. I know you are getting close to finalizing the maps and want to provide further input.

I am aware that you are under tremendous pressure from various interest groups. And I suspect some of the visualizations we have been seeing recently are a result of this pressure. But I want to strongly encourage you to stick with what you had put together in the first draft maps, at least with respect to the Whittier and the community of interest that you cogently captured. It seems that our community of interest has been divided in the last several rounds of visualizations. I note that La Habra is no longer part of the community of influence which is unfortunate for the reasons I articulated in my prior correspondence (school district, fire department, newspaper, etc.). I recognize that La Habra is in Orange County but even in the latest Assembly District map, you have La Habra in an Orange County, L.A. County, San Bernardino County District. As I said previously, what does La Habra have in common with Chino Hills?

Assembly District: I appreciate that you have put some of the Whittier Hills/Puente Hills wildlife corridor "backbone" in the community of interest by including Hacienda Heights and La Habra Heights (of course La Habra is part of this same hills "backbone"). However, I note La Puente and South El Monte are both in the district which clearly have no community of interest with the hills or Southeast L.A. County/Northwest Orange County.

Senate District: You have done a nice job in capturing much of the Southeast L.A. County community by including the cities impacted by Interstates 5 and 605 as well as SR-91, all major traffic corridors. It appears that you have also included a portion of Buena Park (Orange County) but once again, La Habra (Orange County) is excluded. All in all, a nice job!

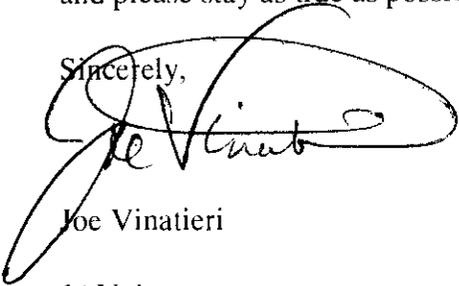

Letter to California Redistricting Commission
July 22, 2011
Page 2 of 2

Congressional District: In comparing it with the Senate District, it appears you have excluded La Habra Heights (and of course La Habra) as well as Hacienda Heights, both contiguous as a result of the community of interest surrounding the Whittier/Puente Hills.

I also note that as compared to the Senate District, Downey is excluded. As indicated above, you did a very nice job in capturing a fairly cohesive community of interest in the Senate District. I encourage you to use the general boundaries of the Senate District for purposes of recasting the Congressional District. For instance, Downey, Whittier, and Cerritos are cities that work together on common transportation issues. Please utilize the Senate District boundaries in recasting the Congressional District.

As this is the last time I will have opportunity to write, thank you for all of your service and please stay as true as possible to our community of interest.

Sincerely,

Subject: Communities State Redistricting Proposal

RECEIVED

JUL 27 2011

Dear Commissioners:

Per _____

I am writing to request that the following communities be included in the same district:

Kagel Canyon - Lake View Terrace - Shadow Hills - La Tuna Canyon - Sunland-Tujunga - La Crescenta - Montrose - La Canada-Flintridge - Glendale - Burbank

Our communities share the same demographics and interests which include, but are not limited to:

Historic Preservation - Environment - Protection of Open Space - The Rim of the Valley - Angeles National Forest - San Gabriel Mountains - Verdugo Hills - Wildlife - Watershed - Hiking and Equestrian Trails - Income - Education - Housing - Transportation - Two Nearby Colleges - The 210 Freeway for Our Economic and Transportation Corridor - Medical - Shopping - Jobs - Entertainment

The current boundary proposal has my community joined with the mid-Valley flatland area, an area my community has little in common with. It is important that the redistricting proposal be redrawn so that my community is joined with other communities that share our demographics and interests:

Kagel Canyon - Rural, Equestrian, Mountains; **Lake View Terrace** - Rural, Equestrian, Mountains and Hansen Dam Recreation Center; **Shadow Hills** - Rural, Equestrian Mountains; **La Tuna Canyon** - Verdugo Hills, Rural, Equestrian; **Sunland-Tujunga, La Crescenta, Montrose, La Canada-Flintridge** - Rural, Equestrian, Suburban, Located Between Two Mountain Ranges (Verdugo Mountains and San Gabriel Mountains); **Glendale and Burbank** - Rural, Suburban and share the Verdugo Mountains, Shopping and Business

These communities have commonalities and interrelationships that are uniquely interwoven and linked in ways that make them indivisible and requires they be joined together in the same California State Voting District.

I respectfully request that you consider these long-established community relationships when redrawing the current districts.

Thank you for your consideration.

Dear Commissioners,

I am representing my area and the community in which I live by submitting this letter to you with great concern regarding the dissolution of boundaries and representation. My state and local council representation serves our community with the current diversity, regarding issues, resources, and information that empowers a constituents representative partnership.

I am supporting our current representation that consists of two senators, three Congressional seats, and four assembly seats. The unity map would represent the African American community at large as it is currently drawn.

Dear Members of the Citizens Redistricting Commission:

Center for Asian Americans United for Self Empowerment (CAUSE) thanks the commission and its staff for considering our previous comments. Particularly, CAUSE thanks the commission for revising the West San Gabriel Valley Senate District to remove southern portions of this district that are disparate from the San Gabriel Valley region. By considering our input, as well as other community groups, has resulted in a district that better reflects Asian Pacific Islander American (APIA) concerns.

While we are pleased with this progress, the commission can better ensure the needs of the Asian immigrant community are met. CAUSE respectfully urges the commission to consider connecting communities in the East San Gabriel Valley region – specifically Hacienda Heights, Diamond Bar, Rowland Heights, and Walnut – to West San Gabriel Valley region. The East San Gabriel Valley region is home to one of the highest concentration of Asian immigrants. Similarly, West San Gabriel Valley – Monterey Park, Alhambra, Temple City, Rosemead, and Arcadia – has a high Asian immigrant population. As a result, CAUSE believes that connecting the East and West San Gabriel Valley regions makes sense; CAUSE requests the commission create such a senate district.

CAUSE is concerned that by placing these communities – Hacienda Heights, Diamond Bar, Rowland Heights, and Walnut – into other senate districts would be a disservice to the

residents of these communities and could lead to disenfranchisement of the residents of these communities. Currently, these communities would be split up into senate districts whose residents are vastly different than they. The Asian immigrant population has different priorities and needs – language access, acculturation, and understanding public services – which may be overshadowed by the dominant population.

The commission has a tremendous opportunity to create a senate district that will be responsive to the needs and interests of the Asian immigrant community. By placing these communities – Hacienda Heights, Diamond Bar, Rowland Heights, and Walnut – with their adjacent and similar cities – Monterey Park, Arcadia, Temple City, and others – their voice will be magnified, leading to their needs and priorities more likely to be addressed by an elected official who shares a similar background, history, and culture.

Again, CAUSE thanks the Commission for its consideration. If you should have any further questions, please call me at [REDACTED]

I would like to submit my concern to the Redistricting Commission regarding protecting voting rights of African-Americans. As voters, we established your commission, however we expect transparency and a fair process. As a voter represented by Congressional member Karen Bass, I am appalled that one of the new maps suggested eliminating my congressional district. We have a right to full representation and we do not want an African-American representative to lose her seat, thus causing our district to lose a very important and capable voice in Washington, DC. I understand that eliminating our district has been reconsidered, however I would like to urge your commission to take away the option entirely.

All voters deserve equal protection and representation in congress. We deserve to have ample opportunities to attend hearings and voice our opinions about the proposed new district lines that are being considered by the commission.

Please provide transparency in the process and protect the voting rights of all Californians.

Thank You,

Re: La Habra Heights July 19th Visualization

Dear Members of the Committee:

I strongly encourage you to stick with what you had put together in the first draft maps. I was stunned to see La Habra Heights stuck in with Orange County in the latest Congressional District maps.

Assembly District: It is good that you have put some of the La Habra Heights/Whittier/Puente Hills together as a community of interest regarding the Wildlife corridor. I don't believe that La Puente and South El Monte have anything in common with the hills or Southeast L.A. County/Northwest Orange County.\

Senate District: Nice job in capturing much of the Southeast L. A. County community of interest. Here I would exclude Buena Park.

Congressional District: I don't understand why you have excluded La Habra Heights and Hacienda Heights from the communities in the Southeast District of L.A. County. La Habra Heights has always had high community interest with Whittier to our west and the communities in L. A. County. We would like the Congressional District recast, including La Habra Heights with Whittier, Cerritos and Downey.

Thank you for the opportunity to share my views on this important subject. We must stay in our community of interest, and Orange County is not where our destiny should be as a Congressional District.

To whom it may concern,

I am a mother of 4 and an art teacher who lives in the Beverly/Fairfax area. I teach in schools in both the Beverly/Fairfax area as well as in Pico Robertson. I have parents who live in Beverlywood. We visit them often and attend synagogues with them. I use the markets in the Pico/Beverlywood neighborhood and drive back and forth almost everyday of the week.

Uniting our community into a single district makes the most sense. There are many like myself who are equally connected to both communities.

Please do not divide Pico/Robertson and Beverlywood in half.

Thank you very much for your consideration.

Dear Commissioners:

My name is Bobbiejean Anderson. Thanks so much for your services to our State. I have been following the process and watching closely what has been happening with my neighborhood.

I live in Vermont Knolls, me and several of my fellow residents testified at your hearings and submitted written testimony asking that our community, which is in the LAX flight path, be included in the same Congressional District as the airport. The Community Noise Equivalency Level (CNEL) on my block is between 62--64, which qualifies us for some public assistance for noise mitigation.

While to you it may just be a movement of four to six streets north, for my neighbors and me it is an issue that significantly impacts our quality of life. We understand that it is very late in the process, but we hope you will hear our concerns.

Sacramento, CA 95814

Dear Honorable Commissioners,

As you prepare to approve the final redistricting maps, I send this letter to you with great urgency on behalf of the Monrovia City Council. On June 17, 2011, we submitted a letter to you regarding the first round of draft maps released on June 10th for Congressional, State Assembly, State Senate and Board of Equalization districts. In this letter, we called for Monrovia to be kept whole.

At that time, the June 10th Draft Proposal showed that Monrovia's Congressional district was not split. We asked that as you continue through the process, that you would preserve Monrovia as a uniformed district for our Congressional, State Assembly, and State Senate districts.

However, the most recent visualizations released on July 18 shows that our hopes were not completely fulfilled. While there is one Assembly and one Senate district for the City of Monrovia, Monrovia now has **two separate Congressional Districts**. Our fear is that you will proceed to adopt this map without taking into consideration the negative impacts splitting our community will have on our residents.

With the eve of the vote upon you, we once again urge you to preserve Monrovia as a uniformed district. This helps reduce confusion, improves communication with legislators, and encourages the alignment of goals for Monrovians. As the elected officials of Monrovia, it is our goal to look out for the best interest of all residents, and having our City arbitrarily split in half will ultimately lead to inequities for our citizens.

Thank you for your time and consideration.

Sincerely,

A handwritten signature in black ink that reads "Mary Ann Lutz".
