Subject: Lompoc & vicinity

Message Body:

I am writing to protest dividing the city of Lompoc into two districts. Likewise, the adjacent unincorporated subdivisions, Vandenberg Village, Mission Hills, Mesa Oaks, La Purisima Mission etc must be included in one district - all incorporated area within 11 miles of the incorporated city of Lompoc, including any subdivision housing for Vandenberg Airforce Base. Also, it is rather appalling to hear your comments regarding our area - to think that all you thought Lompoc was is a federal prison does not give me a vote of confidence in your ability to make wise decisions for constituents. Vandenberg Airforce Base is located here. Both North Vandenberg and South Vandenberg provide missile launching for the West Coast of our NATION; La Purisima Mission is located here, the only completely restored mission in California, which provides living history demonstrations for all fourth grade students on the West Coast, known to be "the Plymouth of the West." It is also the valley of the flowers, and a prestigious wine appellation region, St. Rita Hills AVA. Please come visit the Central Coast and visit these places. If we are to be combined, we are more suitable to be combined with the ourlying areas of Santa Maria or the city of Santa Maria, as very many Air Force base and federal prison employees reside there as well. Thank you for allowing me to comment, and I trust you will reconsider the dissection of Lompoc.

Sincerely,
Wendy A. Thompson
Mission Hills, outlying Lompoc

I also appeal any decision to split any city. Certainly your committee can see the problems that would cause, as well as doubling election costs.
