As a twenty two year resident in SLO County, it is imperative that we keep our voting districts in our county whole so that I and other SLO County residents have the say and control over what happens in our own county. I will be urging all my resident friends to vote out of office any official that votes otherwise because obviously those officials have alternate agendas contrary to the people of this County.

Dear Commissioners,

I have lived in San Luis Obispo since 1979. I have been here since it was divided and aligned with Santa Barbara County for Congress, since it was attached to southern Monterey County for the state Senate and Assembly, since it was aligned with Santa Barbara County for the Assembly and Senate, since it was put in with Kern County for Congress, and since it was most recently carved up to be partially with Bakersfield and partially with a strip of coastal SLO County attached to Santa Barbara County for Congress.

I believe the county by itself would be the best form of representation in all these situations. We have little in common with Bakersfield for instance. IF there is enough population to keep it whole, I would support this option above all others.

Thank you very much.

Sincerely,

Leslie Halls

Please do NOT split San Luis Obispo up when you redistrict. That would be a terrible idea

Thank You,

Charlotte Weinberg
