I am strongly opposed to the proposed changes in the California voting districts which would take parts of Thousand Oaks and Simi Valley and include them in the Los Angeles precinct of the San Fernando Valley. Residents of Thousand Oaks and Simi Valley would be forced to drive long distances to take care of any business at the Court House or with their City or County representatives. Where would their property tax money go ? It is supposed to be used for our schools. In my opinion it makes no sense at all to have people living in one community and going to another to talk to their elected representatives. voting, paying taxes, discussing school issues, street repair and all the other issues which are now taken care of by our city or county boards. Sincerely, Marcella F. Sharp, 1967 Shady Brook Drive, Thousand Oaks CA 91362
